Accounting Information Systems 14th Edition Textbook

Accounting Information Systems provides readers with the knowledge and skills they need to pursue successful careers in accounting. The book reflects how information technology (IT) is altering the very nature of accounting, discussing how developments such as the Internet, electronic commerce, EDI, databases, and artificial intelligence are fundamentally transforming the way organizations conduct their business activities.

Accounting Information Systems / Edition 13 by Marshall B

Accounting and information systems is a difficult class to even define, my counselor couldn't really tell me what it was about. This subject deals a lot with theory, so it is a very dry read. If you are going into auditing though, it is a necessity unfortunately.
